

ALKU

DESIGN IIRO VILJANEN

The Alku table is an excellent, laid-back example of how the Inspiring Office® by Martela -concept can be transformed into products.

The table series has now been complemented with a new table top size, and two higher table options are available in addition to the conference tables.

The new higher tables are ideal for informal coffee breaks and the A-leg version is the perfect desk for relaxed office spaces. Alku is also an excellent desk for home use.

Alku conference tables are available with an adjustable base (64-87 cm) and with two height options. 90 cm and 110 cm.

Several table top options are available.
