

MARTELA WINS 5-YEAR NORDEA CONTRACT

Martela have signed a contract with Nordea covering supply of new furniture, the management of existing furniture and the recycling of used furniture over the next five years for Nordea head quarters in Denmark, Finland, Norway and Sweden.

The scope of the agreement covers furniture from Martela and several other suppliers, as well as many stages of furniture lifecycle services supplied by Martela Corporation.

Martela is capable of coordinating and working across borders on a Nordic scale, with a large network of other furniture manufacturers, too. Martela has experience in Interior Management Systems – specifically, in furniture inventory management with RFID technology.

Martela services will ensure the ecological sustainability of the recycling program, and include, for example, professional reuse, resale, refurbishing and material recycling of used office furniture.

Martela Corporation, a public company founded 68 years ago with production facilities in Finland, Sweden and Poland, supplies ergonomic, innovative office furniture and provides services to modify and maintain professional working environments. For more information related to the Martela-Nordea cooperation, please contact Jarmo Laukka, Project Director, at jarmo.laukka@martela.fi or tel. +358 10 345 5328
